The Convocation ceremony (the calling together of the academic assembly) has its roots in university traditions of medieval Europe.

The Mace

The mace is a staff symbolizing authority. In the days of knighthood, it was a weapon, but after the 16th century it became solely a symbol of authority carried by a distinguished member of an assembly. It is used on ceremonial occasions to signify the right of an individual or institution to perform a certain function—in the case of universities, to grant degrees.

At Convocation, the mace is carried ahead of the Chancellor as she enters and leaves each ceremony. (Marshal of Convocation H.H.J. Nesbitt has performed this function for all but one of the University's Convocations.) During the ceremony the mace is displayed on a special stand as an embodiment of the authority of the University.

Carleton's mace was presented to the University in 1976 as a gift from the Chairman of the Board of Governors at that time, Mr. Hyman Soloway. It is a silver-plated staff approximately three feet long. At the upper end there is a bowl marked with the University's coat of arms and the University motto in both Latin and English—"Opera Nobis Aeterna" and "Ours the Task Eternal." From the upper portion of the bowl rises a phoenix. Traditional oak leaves surround the lower end of the staff.

Coat of Arms

Carleton University's coat of arms is described in heraldic terms as follows: "On a field sable; in radiants d'argent, a maple leaf gules charged with an open book; crest—a phoenix propre." It is comprised of a black shield bearing an open book on a red maple leaf surrounded by silver rays. The shield is surmounted by a phoenix, and below the shield is a scroll bearing the motto "Ours the Task Eternal."

The open book on the maple leaf signifies that Carleton University is in the nation's capital and that learning is open to all who wish to partake of it. The radiants are the light of learning. The phoenix, the legendary eternal bird, symbolizes the renewing of learning from older foundations, in recognition of Henry Marshall Tory's role in the founding of the University when he was 82 years old. "Ours the Task Eternal" is taken from a Walt Whitman poem entitled "Pioneers" and ties in with the eternal quality of the phoenix.

And so, the Carleton University coat of arms symbolizes sound learning, good citizenship, and the highest hopes of humanity.

The Diploma

The diploma the graduates receive at Convocation is the certificate of qualification which publishes the fact that the student has fulfilled all the requirements and completed the prescribed course of study for the degree. As the senior academic legislative body of the University, it is the Senate which has determined whether the requirements have been met. The signatures of both the Chancellor and the President of the University appear on the diploma: the Chancellor because of her role in conferring the degree, and the President who, as Chairman of Senate, certifies that Senate has enacted the required motion to award the degree. The Seal of the University is affixed to the diploma as a mark of authentication.

Academic Dress

The academic dress of Carleton University is a compromise between that found in the ancient foundations of Britain and Canada and the American Intercollegiate Code. All three hoods—bachelor's, master's, and doctor's — are of the simple or Oxford shape. Bachelor's is made of black stuff; master's and doctor's are made of black silk and all are lined with silver silk with two chevrons, one of red and one of black. From bachelor's to doctor's the hoods are progressively longer and opened to show more and more of the lining.

The velvet border of the hoods denotes the degrees granted according to the following colour combinations: architecture is cerise; arts is white; commerce is camel brown; computer science is royal blue; engineering is orange; industrial design is dark cardinal; journalism is white with a black cord sewn slightly in from the lower border; management studies is camel brown with a black cord sewn slightly in from the lower border; music is venetian pink; public administration is peacock blue; science is golden yellow; social work is cream; and doctor of philosophy is purple.

The bachelor's gown, to be worn with the above hoods, is of full length, made of black stuff, with a gathered yolk behind, and long open-fronted sleeves. The master's gown is of full style, made of black silk or rayon, with full gathered yolk behind, and closed sleeves with an opening at the elbows. The doctoral gown is the same style as the master's, made of fine royal blue cloth with facings of light blue silk.

The gown of the Honorary Doctor of Laws, Literature, Science, and Engineering is a full robe with bell-shaped sleeves, made of fine royal blue cloth with facings and sleeves in light blue silk. The hood is made of the same material as the gown, has the same lining as that for degrees by examination, and is bordered with dark mauve for the degree Doctor of Laws; vibrant blue for the degree Doctor of Literature; red for the degree Doctor of Science; and orange for the degree Doctor of Engineering.

The Presiding Officer of Convocation is the Chancellor,
Pauline Jewett, M.A., Ph.D., LL.D.

Accompanying her on the podium are Ross M. Cruikshank, B.A.Sc., P.Eng., past chairman of the Board of Governors and Robin H. Farquhar, M.A., Ph.D., F.C.C.E.A., President and Vice-Chancellor.

O Canada

O Canada! Our home and native land!
True patriot love in all thy sons command.
With glowing hearts we see thee rise,
The True North strong and free!
From far and wide, O Canada,
We stand on guard for thee.
God keep our land glorious and free!
O Canada, we stand on guard for thee.
O Canada, we stand on guard for thee.

Antoine D'Iorio, M.Sc., Ph.D., F.R.S.C.

Dr. Antoine D'Iorio, former rector and vice-chancellor of the University of Ottawa, is being awarded the degree of Doctor of Science, *honoris causa*, at the morning convocation ceremony on December 2, "in recognition of a distinguished career as a scientist in the field of biochemistry and as an academic leader who has exemplified a concern for the rights of Franco-Ontarians and for cooperative ties among the post-secondary institutions of the Ottawa-Carleton region."

Dr. D'Iorio served as rector and vice-chancellor of the University of Ottawa from 1984 to June 1990. He currently holds the rank of professor emeritus there in the department of biochemistry. He is also president of the Canadian Mediterranean Institute--an Ottawa-based learned society that promotes archeological studies in the Mediterranean basin.

Dr. D'Iorio was educated at the University of Montreal where he received a Ph.D. in biochemistry in 1949. He later undertook post-doctoral studies at the University of Wisconsin and at Oxford University in England.

After nearly a decade with the department of physiology at the University of Montreal, Dr. D'Iorio took up a post at the University of Ottawa as head of the department of biochemistry. He later served as secretary and vice-dean of the university's faculty of medicine, as dean of the faculty of science and engineering and as vice-rector academic and research.

In 1975-76, Dr. D'Iorio was a member of the negotiating team that settled the first collective agreement between the university and the professors' association. He has served as president of the Canadian Biochemical Society, as chairman of the Canadian Federation of Biological Societies and as vice-chairman of the Medical Research Council of Canada.

From 1986 to1988, Dr. D'Iorio was a member of an Ontario Ministry of Colleges and Universities task force that examined the higher education needs of francophones in Ontario.

He was awarded the Queen Elizabeth Silver Jubilee Medal in 1978 and in 1988 was named Chevalier, Ordre du Mérite National by the government of France.

Jean Sutherland Boggs, O.C., Ph.D., LL.D., F.R.S.C.

Dr. Jean Sutherland Boggs, arts administrator and educator, is being awarded the degree of Doctor of Literature, *honoris causa*, at the afternoon convocation ceremony on December 2, "in recognition of a distinguished career as curator, teacher, critic, and author, culminating in the development of the new National Gallery of Canada."

Jean Sutherland Boggs' long and distinguished career as an arts administrator and educator began in 1949 when she took on the post of assistant professor of art at Mount Holyoke College in South Hadley, Massachusetts. She later taught at the University of California at Riverside, Washington University in Saint Louis, Missouri and Harvard University in Cambridge, Massachusetts. Last year she was a visiting professor at Case Western University in Cleveland, Ohio.

From 1962 to 1964, Dr. Boggs served as curator of the Art Gallery of Toronto. She was named director of the National Gallery of Canada in 1966, a post she was to hold for ten years.

In 1979 Dr. Boggs moved to Philadelphia as director of the city's Museum of Art. She was called back to Canada in 1982 to serve as chairman and chief executive officer of the Canada Museums Construction Corporation. In that post she oversaw the initial planning, and the selection of the sites and architects, for the new National Gallery in Ottawa and the new Museum of Civilization in Hull.

From 1984 to 1988, Dr. Boggs served as chairman of the scientific committee for the Degas Exhibition that toured Paris, Ottawa and New York in 1988. She is currently curator for the exhibition of still lifes by Picasso that is scheduled to tour Cleveland, Philadelphia and Paris in 1992.

She has published books and exhibition catalogues dealing with Degas, Picasso and the National Gallery of Canada. In 1965 and 1966 she authored a series of radio broadcasts for the CBC titled "Listening to Pictures."

In addition to her Bachelor of Arts degree from the University of Toronto and a Ph.D. from Harvard, Dr. Boggs holds 14 honorary degrees from universities in Canada and the United States. She was named an officer of the Order of Canada in 1973.

Each year, Carleton University awards up to 770 entrance and in-course scholarships to undergraduate students who have demonstrated a high potential for academic achievement. These awards provide monetary incentives (a yearly total of $725,000) to attract and recognize academic excellence. The awards range in value up to $16,000 for Carleton's prestigious "Chancellor's Scholarship.
